### Biography

**Introduction** The artist has been working to commission for individuals for both European and UK clients since graduating.

**Education** 1995-1998 Central Saint Martins College of Art: B.A. Fine Art (Painting)

**Artist Statement** Dogs - these noble subjects become vessels of our love and affection in our quest for happiness. My paintings represent this special relationship between dog and owner. Considering their individual quirks and petty routines allows for a fresh approach to the tradition of dog portraits.

By specialising in commissions I have the opportunity to capture the character and idiosyncrasies of each dog, celebrating this bond between owner and pet. Each commission gives a unique insight into the nature of dogs, and the effect they have on our lives.

A painterly style underpins my work. I enjoy the colours of dogs, their shape, their intensity of expression. By using texture, contemporary colours and composition, my work reflects their variety and vitality.
